# Annual Corporate Sponsorship

Highlight Your Brand and Collaborate  
with Critical Care Cardiology Leaders

[socco.org](http://socco.org)

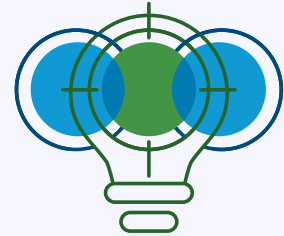

# Unlock the value of Corporate Partnership

Corporate sponsorship in the Society of Critical Care Cardiology recognizes the valuable role of corporate partnerships in realizing the full mission of the Society of Critical Care Cardiology and the importance of such partnerships in the care of critically ill cardiac patients.

It offers the opportunity to access a highly targeted audience of physicians, non-physician providers, nurses, scientists, and administrators, all involved in the care of Cardiology patients with concomitant critical illness.

## **Get exclusive access and collaborate with a highly targeted audience**

Your corporate sponsorship will give you unique exposure to SoCCC members while guaranteeing exclusive access and collaboration with thought leaders in the rapidly growing field of Critical Care Cardiology.

## **Expand your reach and improve care for Cardiology patients with complex cardiovascular pathologies**

This corporate partnership will promote bidirectional communication and collaboration for practitioners and corporations seeking to improve care for Cardiology patients with complex cardiovascular pathologies, including but not limited to those with cardiogenic shock, those requiring temporary and durable mechanical circulatory support, those requiring advanced organ replacement therapies, and all other patients who are managed with novel therapeutics in today's cardiac ICU.

## Other Sponsorship Opportunities

### Educational Sponsorship

Financial partnership to help support the educational initiatives of the Society of Critical Care Cardiology.

Donations of any monetary amount may be made and earmarked for education. This may be for a particular educational initiative or to the general education fund of the SoCCC.

### Digital Advertising Opportunities

Access to the Society of Critical Care Cardiology website users via banner ads on the Society of Critical Care Cardiology website and directly to members via email.

Digital advertising on the Society of Critical Care Cardiology's website offers corporations the opportunity to promote your corporation's products and brand to a highly selected and targeted audience of Critical Care Cardiologists, Cardiologists, Interventional Cardiologists, Intensivists, cardiovascular care team and administrators.

Banner ads will be available on the Society of Critical Care Cardiology website (SoCCC.org) as well as the forthcoming SoCCC's monthly eNewsletter.

### Let's talk
